

Eyefinity Cloud Software

Eyefinity Practice Management and Eyefinity EHR—the better fit for your growing practice.

Cloud Benefits

- ✔ **SECURE DATA STORAGE**
Protect patient data with unlimited, HIPAA-compliant cloud storage
- ✔ **AUTOMATIC SOFTWARE UPDATES**
Save time and money with no server maintenance, backups, or software updates to manage
- ✔ **DISASTER RECOVERY**
Avoid losing important data due to on-site server crashes, natural disasters, external attacks, or damage
- ✔ **ON-THE-GO ACCESS**
Access software through a web browser anytime, anywhere, on any device. Plus, we offer dedicated apps for iPad®, iPhone®, and Apple Watch®
- ✔ **ENVIRONMENTALLY FRIENDLY**
Reduce excessive paper, toner, and time spent printing, faxing, and filing. Create and e-fax custom letters

Smooth Patient and Practice Experience

- ✔ **INTEGRATED 24/7 ONLINE SCHEDULING**
Enjoy a complimentary eWebExtra website solution that connects with our cloud software for real-time online scheduling, online forms, and patient portal
- ✔ **VSP INTEGRATION**
Pull VSP® eligibilities and authorizations for your entire week in a snap, plus benefit from electronic claim and lab order submission, automatic doctor reimbursements, and patient out-of-pocket calculations
- ✔ **EYEFINITY KIOSK**
Streamline patient check-in with electronic intake forms
- ✔ **EYEFINITY EHR IPAD APP**
Provide more face-to-face time with patients vs. your computer screen—patients over paperwork
- ✔ **TELEMEDICINE**
Provide secure, remote care for consultations, supervision, and medication management

Chart Faster, Get Paid Faster

- ✔ **EXAM PROTOCOLS**
Decrease charting time and simplify exam entry by automating documentation for conditions you treat on a frequent basis
- ✔ **COPY FORWARD**
Use historical exam information to quickly document a new exam
- ✔ **PRELOADED CATALOGS**
Enjoy automatic updates to frames, lens, and contact lens data for easy order management*
- ✔ **SECURE E-PRESCRIBE**
Save time and help patients save money with formulary data, and use Grand Rounds to see what other doctors are prescribing
- ✔ **SIMULTANEOUSLY UPDATE A PATIENT RECORD**
Make changes in real time—more than one person can update a patient's chart at the same time
- ✔ **ELECTRONIC REMITTANCE ADVICE (ERA)**
Reduce payment posting time from days to hours

Smart Technology

- ✔ **BUILT-IN ICD-10 AUTO-CODING**
Improve accuracy and reduce errors
- ✔ **ADAPTIVE TECHNOLOGY**
Increase efficiency with systems that remember your documentation patterns
- ✔ **EHR EQUIPMENT INTEGRATIONS**
Automate pretesting, refraction, pachymetry, anterior segment imaging, posterior segment imaging, and visual field documentation
- ✔ **ANALYTICS**
Leverage the power of data with interactive dashboards and customizable reports to boost efficiency and increase overall revenue
- ✔ **CERTIFIED PARTNER INTEGRATIONS**
Enhance workflows with the ability to integrate with industry-leading Eyefinity certified partners
- ✔ **BARCODE SCANNING**
Save time managing inventory with the ability to quickly record receipt of frame and contact lens orders

*Account must have active Jobson account
