

Eyefinity[®] Practice Management

Built for the way you practice

Eyefinity Practice Management is a robust, flexible, and secure cloud-based practice management solution that enables your staff to stay connected at every point in the practice—in real time. It simplifies and automates the complexities of your day-to-day operations and liberates you to practice the way you want.

Increased Productivity and Accuracy

Robust VSP® interface provides seamless two-click patient eligibility and authorizations, electronic claims/lab order submissions, automatic doctor reimbursements, and patient out-of-pocket estimator for VSP patients.

Enhanced Patient Experience

You have access to easy-to-use recalls and reminders for your patients. Patients will enjoy the convenience of real-time online appointment scheduling and forms.

Reduced IT Burdens

All you need is an internet connection. Automatic updates ensure you'll always be on the latest version without the hassle and expense of server updates and maintenance. Your data is safely stored on the Amazon® cloud—the leading secure, HIPAA-compliant cloud-data storage provider.

Greater Business Insights

Easily track your practice performance and identify growth opportunities with sales and operational metrics.

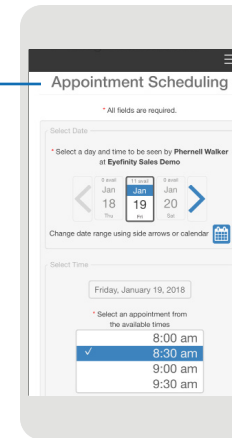

Experience the Complete Eyefinity Cloud Solution

Eyefinity Practice Management integrates with Eyefinity EHR to offer a complete cloud-based solution that enables the front office staff, doctor, and optician to stay connected at every point in the practice in real time and keeps your patient data current.

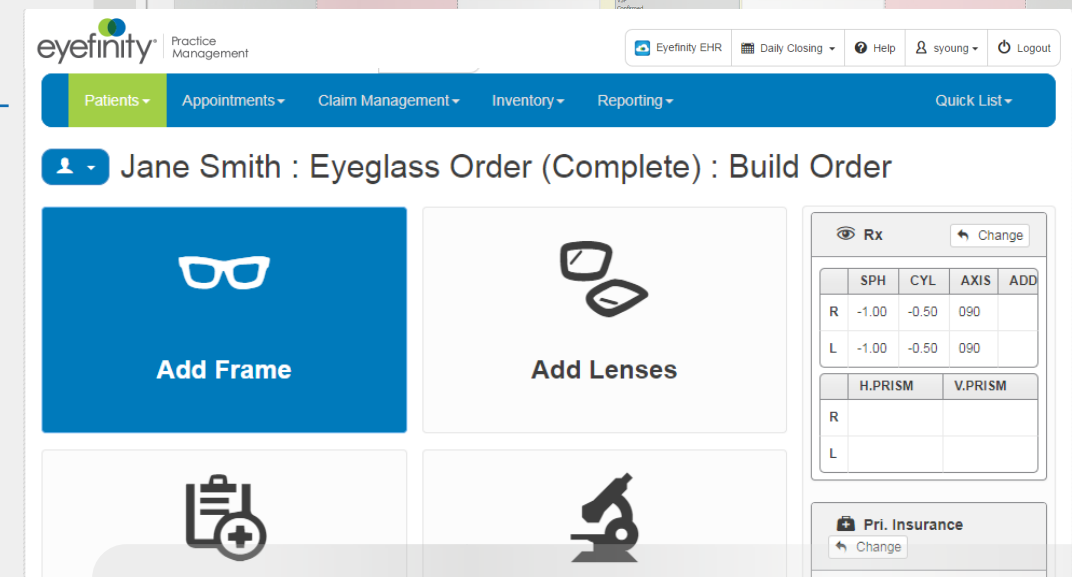

Intuitive Scheduler

Quickly and easily locate the next available appointment with the Find Open Appointments option. A complimentary website allows patients to search for available appointments online and book directly into your practice management scheduler.

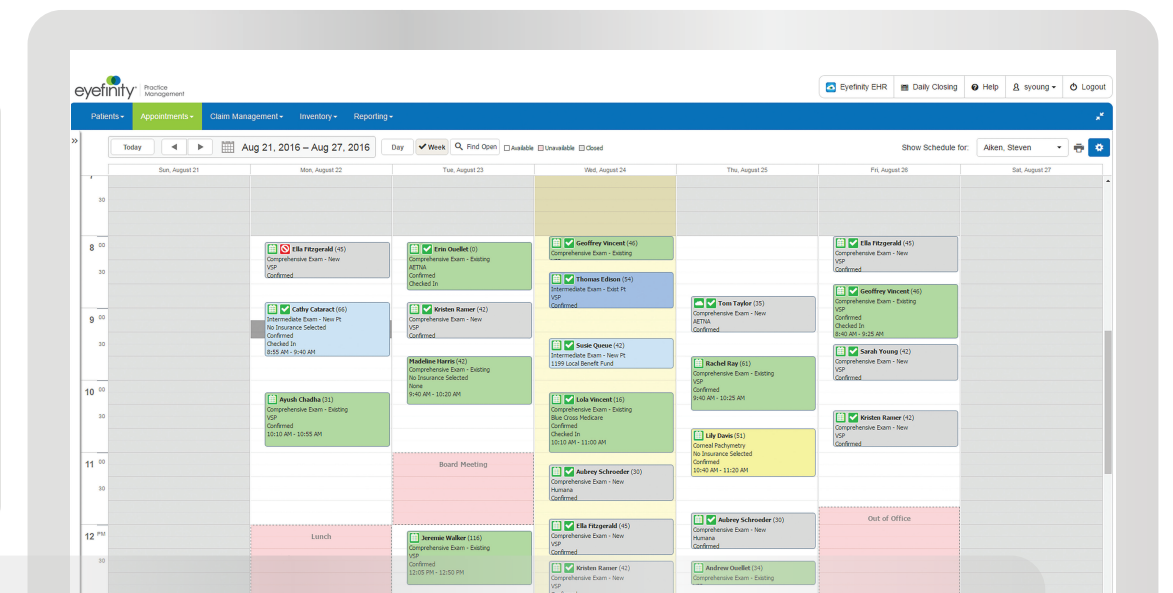

Simplified Ordering

Build eyeglass orders using a tablet in the dispensary, while you're assisting patients, or at your desktop. Easily print the patient Rx and quote, and generate out-of-pocket estimates for VSP patients.

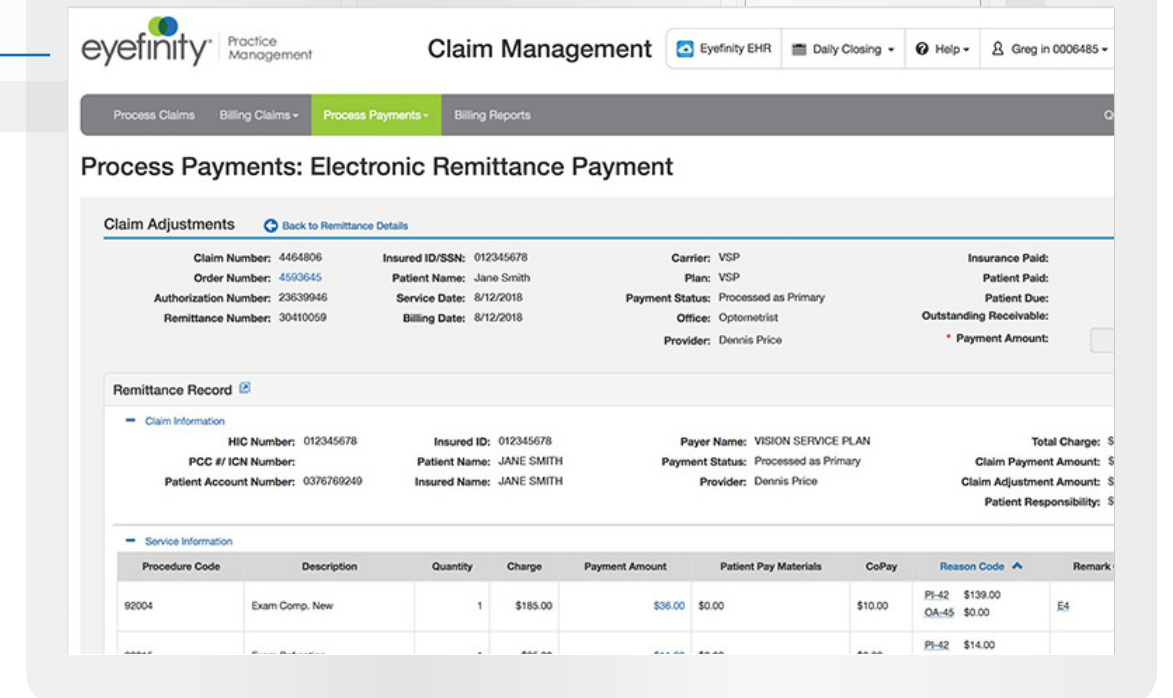

Increased Billing Automation

Reduce payment posting time from days to hours with Electronic Remittance Advice (ERA) automatically downloading VSP and TriZetto insurance payments into the software daily.

Additional features

- Pre-loaded frame, lens, contact lens, insurance, and lab catalogs
- ANSI files give you the ability to use any clearinghouse
- Complimentary practice website
