

# Eyefinity® Certified Partners

Enhance patient care and workflow with these industry-leading Eyefinity partners.

## WORKFLOW EFFICIENCY

### CLX

Increase capture rate, improve patient retention and beat online competition for contact lens reorders with CLX's innovative mobile enhanced technology.

### DataHEALTH

Protect critical data by automatically securing and storing data for recovery. With superior technology, DataHEALTH runs data integrity checks and notifies you of corruption and issues.

### DrFirst

Experience simple, powerful, and speedy e-prescribing services that allow you to electronically submit medication orders and renewals, access multiple patient formularies for eligibility, check for appropriate dosing information, and utilize robust reporting capabilities.

### ECR Vault

Quickly and easily capture, store, and retrieve your electronic paper records. Experience greater efficiency with ECR Vault's document management solutions.

### Total Merchant Services

Total Merchant Services provides EMV and PCI Compliant merchant solutions. TMS allows you the ability to protect patient cardholder information and integrate payments into your software at the lowest pricing in the nation.

## BUSINESS PERFORMANCE

### eyeReports

eyeReports transforms the way you learn about your professional optical business by delivering powerful reports and graphs to help you make informed decisions and run a successful practice.

### Gateway Professional Network (GPN)

Measure and track your business with The EDGE®. Seamlessly integrated with OfficeMate®, The EDGE® empowers you and your team to make informed decisions based on easy-to-understand charts, graphs, email automated performance reviews and snapshots.

### Trizetto

Streamline your practice's operations and optimize revenue with solutions that verify patient eligibility, integrate auto remittance posting, and process claims efficiently. Use analytics tools and reporting to identify underpayments, reduce errors, and automate the appeals process to improve your bottom line.

## PATIENT ENGAGEMENT/SOCIAL

### 4PatientCare

Automatically fill your schedule, control your online reputation, and enhance your communication with patients via email, text, voice, postal, web, and social media.

### Demandforce

Attract new patients with 24/7 scheduling via Google and Facebook while enhancing your online reputation with review collection and syndication. Keep patients coming back with automated appointment reminders, promotions, surveys and newsletters.

### SolutionReach

Reduce missed appointments by sending voice, email, and text reminders. Promote your practice and build patient loyalty with newsletters and surveys. SolutionReach eliminates communication gaps between you and your patients.

### Websystem3

Maintain patient satisfaction with surveys, thank-you notes, and e-newsletters. Increase efficiency with automated appointment reminders, online patient forms, and Rx-ready notifications. Your practice will benefit from Websystem3's easy, automated communication tools.

### Weave

Works seamlessly with your practice management software to provide timely information about each patient as soon as the phone rings. Weave pulls relevant patient data and makes it available to practice staff through instant prompts on a simple app-like screen.

## SERVICES

### Abyde

A cloud-based solution that enables practices to attain and sustain HIPAA compliance with ease. Get audit protection, risk analyses, and training. Abyde handles HIPAA complexities so you can focus on patient care and building profitability.

### North Shore Computer

Safeguard against future audits by identifying your risk levels and consulting with the HIPAA compliance team. Offers HIPAA-compliant solutions and strategies, allowing you to focus on patient care and growing your business.
