Age-Related Macular Degeneration (AMD): Dilated Macular Examination

In this chapter:

• Reporting Methods, 1
• Denominator, 1
• Numerator, 2
• ExamWRITER Instructions, 2

Percentage of patients aged 50 years and older with a diagnosis of age-related macular degeneration (AMD) who had a dilated macular examination performed which included documentation of the presence or absence of macular thickening or hemorrhage AND the level of macular degeneration severity during one or more office visits within 12 months.

This measure is to be reported a minimum of once per performance period for patients seen during the performance period. It is anticipated that eligible clinicians who provide the primary management of patients with age-related macular degeneration (in either one or both eyes) will submit this measure.

### Reporting Methods

• Claims

### Denominator

Patients aged 50 years or older;

AND who had a diagnosis of age-related macular degeneration:

Age-Related Macular Degeneration (AMD): Dilated Macular Examination

Numerator

AND who had a visit during the measurement period:
92002, 92004, 92012, 92014, 99201, 99202, 99204, 99205, 99212,
99213, 99214, 99215, 99304, 99305, 99306, 99307, 99308, 99309, 99310,
99324, 99325, 99326, 99327, 99328, 99334, 99335, 99336, 99337

Denominator Exclusions

Telehealth modifier:
GQ, GT, 95, POS 02

Denominator Exceptions

Documentation of medical reason(s) for not performing a dilated macular examination:
G9891

OR documentation of patient reason(s) for not performing a dilated macular examination:
G9892

Numerator

Patients who are included in the denominator;
AND who had a dilated macular examination performed which included documentation of the presence or absence of macular thickening or hemorrhage;
AND the level of macular degeneration severity during one or more office visits within 12 months.

Performance Met

Dilated macular exam performed, including documentation of the presence or absence of macular thickening or hemorrhage AND the level of macular degeneration severity:
G9890

Performance Not Met

Dilated macular exam was not performed, reason not otherwise specified:
G9893

ExamWRITER Instructions

Document the dilated macular examination:
1. In a patient's exam record in ExamWRITER, record the office visit.
2. Click the Exam - Special Tests tab.
3. Click **Dilation**.

4. In the Dilation Orders window, select the check box for the appropriate medication, type any necessary text in the **Custom Text** field, and click **Save/Exit**.

5. With the **Exam - Special Tests** tab open, click **Auto** to document the Dilated Fundus Exam (DFE).

6. Click the **Examination** category bar.
Age-Related Macular Degeneration (AMD): Dilated Macular Examination

ExamWRITER Instructions

7. Select the **Macula** check box and click **Process**.

8. In the Macula window, document the presence or absence of macular thickening and click **Process**.
9. In the Impressions/Macula window, document the age-related macular degeneration (AMD) and click **Process**.

10. Click **Process**.

11. Document the treatment and click **Process**.
